How Northview Golf and Country Club Will Operate to Keep You and Our Staff Safe

First off, please allow us to say how excited we are to be able to welcome back our valued customers into Duffey's. Your safety and the safety of our staff is first and foremost on our re-opening agenda, please see our plans below.

- All public health guidelines will be followed as laid out by Dr. Henry and Fraser Health, for the safety of our staff and clients and kept up to date.
- We are currently operating at reduced capacity, inside and on our patios to respect physical distancing regulations.
- Only reservations will be accepted and to a limit of 6 per table to allow us to follow health guidelines. Please understand we ask you to limit your stay to one and a half hours.
- Our internal Health & Safety Committee has developed a safety plan for both our Front of the House and Kitchen staff in accordance with Worksafe BC. Please know that we have looked at the way we work, and changed our operation to reduce risks, such as; no staff will be allowed to work if at all ill, or showing any symptoms, we will be taking temperature checks prior to each shift.
Along these lines, we ask you to please not come to the restaurant if you are not feeling 100%.
- We have established a Work Safe BC safety committee to ensure evolving health guidelines are met, and to maintain current ones, including cleaning and sanitizing protocols.
- We ask that you follow all physical distancing regulations when walking through our areas, using the facilities and waiting for seating.
- We have set up the tools needed to help you stay safe while here.

From all of us at Northview, we look forward to serving you once again in Duffey's and on our patios!

Once Again, Thank You for Thinking of Northview!
